chronological reading

1. The schedule is arranged so that you will read through both the Old and New Testaments simultaneously. By the end of the year, you will have read through the entire Bible.
2. The books are placed in chronological order according to event rather than according to the date of writing.
3. For the most part, passages for each day are divided according to paragraph or breaks in the text. Where this is deviated from, an asterisk (*) has been placed next to the reference to show that the thought continues in the next day's reading.
